

Warranty

Company: *Novatech International NV
Industrielaan 5B, 2250 Olen, Belgium*

Product: *Seal&Bond MS60*

Planned application: *Glueing of light weight signs on doors, off shore*

1. The warranty period for the product Seal&Bond MS60 is 30 years. It starts when the product leaves the premises of Novatech International NV.
2. During the warranty period, the product largely keeps its characteristics and operativeness and withstands climatic conditions. Any further warranty, in particular with respect to usability for specific purposes, is excluded.
3. This warranty forfeits if the customer does not report a defect to Novatech International NV immediately upon its discovery. Such report shall be in writing and give an account on the relevant circumstances.
4. This warranty expires prematurely if the customer does not apply the product according the technical data sheet and to other recommendations of Novatech International NV. The warranty is conditioned upon:
 - 4.1. the product is used before the expiry date of the product
 - 4.2. the structure of the bonding surfaces is mechanically approved (no loose parts)
 - 4.3. the materials which will be bonded need to be tested if the adhesion works fine
 - 4.4. a perfect cleaning with alcohol or acetone as well as a pre-treatment of the adherence surfaces with Primer] having been carried out
 - 4.5. the bonding needs to reach a thickness of at least 1mm to take up the movement
 - 4.6. the bonded surface needs to be 30% of the whole surface, the adhesive needs to be applied in vertical stripes with distance of approx. 10cm in between the stripes
 - 4.7. the adherence surface being covered and not exposed to direct UV radiation
5. The customer may only ask for the replacement of a defective product, unless the General Terms and Conditions of Novatech International NV do not provide for further warranty claims.
6. Novatech International NV is liable for unlawful intent and gross negligence only. Its liability for ordinary negligence is excluded. Furthermore, Novatech International NV is not liable for defects resulting from customer's improper information or for defects resulting from normal wear, improper maintenance, excessive use or any other reasons beyond Novatech International NV's control. Novatech International NV shall under no circumstances be liable for any direct or indirect consequential damage or any other indirect damage, in particular not for loss of profits, loss of production, delay in delivery etc and their consequences.
